Travel and Insurance

Travel and Insurance

Participants must arrange their own travel to and from the Immersion destination, ensuring that they are present for the duration of the Immersion Course. Specifically, participants should arrive in Bandung by Saturday 6th and depart no earlier than Saturday the 20th January, 2018. Participants should provide IndoAustay with full details of their travel arrangements as soon as possible.

IndoAustay will arrange travel and health insurance for all participants as a part of its group travel insurance policy; however individual participants are able to make their own additional or alternative insurance arrangements.

IndoAustay is not liable for personal loss, injury, theft, damage, travel cancellations or medical conditions and emergencies affecting Immersion Course participants. These are the responsibility of individual participants, who are advised to obtain and take with them a copy of their insurance policy and any other relevant documentation. While routine medical care is available in all major Indonesian cities, emergency care in rural and remote areas can be inadequate, so insurance with coverage for medical repatriation is required. IndoAustay will arrange a travel insurance policy which includes a health component. This is probably all the insurance that most participants will require and the IndoAustay Immersion Course Coordinator will have effective proof of cover.

However, if you see the need for additional travel insurance to cover an existing health condition or extenuating circumstances IndoAustay should be informed from the outset of such additional or alternative cover as well as your insurance arrangements on return to Australia, since it is IndoAustay that may be required to facilitate treatment in Indonesia or early repatriation to Australia etc. For this reason, the necessity of obtaining and carrying to Indonesia any necessary insurance cards and contact telephone numbers identifying this cover is acknowledged by the participant.

If you plan to have additional insurance arrangements whilst in Indonesia please list the following details:

(if not already known, details must be provide before the Cross-Cultural Information Afternoon on 12th November, 2017)

Insurer: Policy Type: Policy No.

Prior to my departure from, and my return to, Australia my health and medical insurance is with:

Medicare: Policy Type: Policy No.

Private Health Fund: Policy Type: Policy No.

All information is treated with the strictest confidentiality.

IndoAustay, its affiliates in Indonesia and their officers and staff will not be responsible for any adverse health condition or any matters concerning your personal security or safety that may occur during your stay in Indonesia and travel to and from Australia. Travel insurance cover risks invalidation for treatment of diseases for which there was a failure to undertake vaccination recommended by travel medicine experts for Indonesia.

It is **your** responsibility to determine that cover is adequate for your requirements and to take out additional cover if required.

In the event of a medical emergency arising while you are in Indonesia, it is **imperative** that the contact person allocated to you, and by extension, the Immersion Course Coordinators, can provide accurate information to local medical authorities on medications currently prescribed or previous medical history involving serious illness. For this reason we require all applicants to provide complete and accurate details of the following:

1. Any past medical or psychological conditions for which you required hospitalization, long-term treatment or prescribed medication:

2. Any current medical or psychological conditions for which you are taking prescribed medication and for what purpose have they been prescribed:

3. Please list any prescribed medications that you envisage using during the Immersion Course and what they are for:

4. Any known allergies (including allergies to certain foodstuffs or their ingredients and to prescribed medications) or metabolic difficulties and deficiencies due to any cause (including anorexia, bulimia):

5. Any other current medical or psychological conditions that you consider may affect your participation in the Immersion Course in any way (please explain your medical or emotional circumstances on a separate sheet if necessary).

6. Are there any other things that are important to you or which can make you feel uncomfortable ?

Health and Wellbeing Statement

All information is treated with the strictest confidentiality.

I undertake to receive appropriate vaccinations for travel to and in Indonesia and to have them noted by the administering doctor in a vaccination record booklet given to me by IndoAustay. Furthermore, I declare that the above information is accurate and complete at the time of my application and I will inform the Immersion Course Coordinators if my circumstances change during the period that I will be in Indonesia. I acknowledge that IndoAustay will not take any responsibility for my personal health, safety or security during my stay in Indonesia or travel to or from there.
