

STUDY IN INDONESIA

Spend up to six weeks on exchange in the beautiful hillside city of Bandung - often called the 'Paris of Java' - this summer holidays with IndoAustay, a volunteer-operated not-for-profit.

Experience a different part of Indonesia away from the tourists in Bali and traffic jams of Jakarta. Bandung is the centre of Sundanese culture and a thriving metropolis with great transport and communication links.

Each participant will be placed with a local host family that has children at the same year level in the same host school. They will be provided with their own bedroom, all meals and participate in regular family life.

The cost of the exchange is A\$2,000 for six weeks, including accommodation, meals, airport transfers, visas and travel insurance.
